BSA CHILDREN CLUB MEMBERS PARTICIPATING IN ANNUAL CONVENTION

To make this year's Convention fun filled yet with a serious message, a movie - 'Chhapaak' based on the life of Laxmi Agarwal, an acid attack survivor - was screened at the Dream Theatre, Kalimpong.

WORKSHOP ON SUSTAINABLE LIVELIHOOD THROUGH BAMBOO CRAFT

Bal Suraksha Abhiyan Trust (BSA), Kalimpong aims to create successful sustainable livelihood models for young people in the district of Kalimpong, West Bengal, INDIA. As Brundland says - "to provide for today's generations without compromising the resources and security of future generations" (Brundtland, 1987).

Bamboo craft is one of the oldest cottage industries of India and has remained an important source of livelihood for the tribal societies in Northeast India. In this light BSA conducted two day's workshop on February 03-04, 2020 at Cluny Farm, Pudung for the Youth on the uses of Bamboo, its sustainability and to educate them on its potential to serve as an important source of livelihood. Mr. Ghani Zaman, Bamboo Structure Specialist and Mr. Ajmal Islam were brought in as Resource Persons. This 2 day's workshop left the participants with a sense of satisfaction and achievement providing an outlet to express their creativity. Around 40 youths were in attendance. A letter of Participation was awarded to each individual on completion of the workshop.
